Volunteering with Heartland Habitat for Humanity is a great opportunity for youth to answer God's call to serve while learning new skills and developing friendships with other youth who want to make a difference. Youth from preschool to high school can meaningfully participate in Heartland Habitat's ministry in numerous ways:

- **Volunteer on a construction site.** Youth ages 16 and older are welcome to serve on a construction crew.
- **Collect items for homeowners.** Youth groups and scout troops can organize a drive to collect home, lawn or garden tools and other maintenance supplies for new homeowners.
- **Create housewarming gifts.** Prepare a welcome basket, scrapbook or other memorable gift for new homeowners.
- **Build furniture and other items for homeowners or for sale at ReStore.** Adults can supervise youth in building birdhouses, planter boxes, picnic tables and more!
- **Raise awareness and funds.** Plan a special event to support Heartland Habitat's ministry.
- **Learn about the importance of Christian service.** Habitat for Humanity International's Vacation Bible School program, "Under Construction," helps children develop their sense of Christian service. This flexible program is designed for children in preschool through sixth grade.

"Let your light shine before others, so that they may see your good works and give glory to your Father in heaven."

- Matthew 5:16
